FULL SEASON TOTAL			£12,920	£9,470	£7,985

TEAM SUPPORT

The 'full works' service with dedicated staff provided on the basis of 1 mechanic to 2 cars, plus direct access to management staff to assist with setup advice, driver development and tuition services. Staff will carry out duties including scrutineering, setup changes, refuelling, cleaning, tyre management, etc. Drivers have access to around £50,000 of spare parts including gearboxes and engines

LITE SUPPORT

The 'inbetween' package, where drivers are happy to supplement the mechanical staff, the mechanics and drivers will work as a team to ensure that all tasks are completed. At critical times, where mechanical staff are working on any given car the drivers will be responsible for all other duties. Drivers have access to around £50,000 of spare parts including gearboxes and engines

TECHNICAL SUPPORT

The 'fix when broken' service providing drivers with the security that in the event of on track damage, component failure or unforeseen circumstances then trained mechanical staff are on hand to get you back on track. Drivers will be responsible for all other duties; scrutineering, setup changes, refuelling, etc. Drivers have access to around £50,000 of spare parts including gearboxes and engines

All costs exclude any UK VAT liability

Support at Euro events outside of scope of UK VAT rules - support and any prep 'at circuit' will not attract UK VAT
